

HEALTHY WISCONSIN LEADERSHIP INSTITUTE

The Leadership Institute provides accessible continuing education, training and technical assistance to build capacity among community leaders across the state as they work to improve health. The curriculum emphasizes collaborative leadership, community organizing, and collective impact to help communities build multi-sectoral partnerships to effectively address the multiple factors that determine whether or not every Wisconsin resident has the opportunity to reach their full health potential. Programs include:

- Community Teams Program
- COACH Program for Community Teams alumni
- Tailored Training and Technical Assistance

Impact

The Leadership Institute has built a strong reputation for its delivery of excellent education, training and technical assistance to a diverse mix of more than 1,500 public and private sector professionals and community residents. Participants gain skills in:

- Developing collaborative leadership skills and strengthening partnerships
 - Applying innovative strategies for community health improvement
- Building a network of colleagues and learning how to leverage resources to sustain efforts
 - Initiating system, policy, and environmental change
 - Communicating, storytelling, and increasing media coverage

As a team we have gained knowledge, skills and tools that make our work more effective and efficient. I would highly recommend this program as a way to take your work to the next level.

Tom Baron, East Central Wisconsin Regional Planning Commission
