ABAWD Work Requirements: What You Need To Know

The federal work requirements for able-bodied adults without dependents (ABAWDs) went back into effect on April 1, 2015 in Wisconsin. ABAWD individuals may only receive FoodShare benefits (benefits on a Quest Card) for 3 months in a 36-month period without meeting the work requirements unless an exemption is met.

Who is an ABAWD?
An ABAWD is an able-bodied individual between the ages of 18-49 who has no dependents living with them.

How can an ABAWD meet the work requirement?
Federal regulations will require ABAWD FoodShare applicants and recipients to comply with the following work requirements as a condition of FoodShare eligibility:

- Working a minimum of 80 hours per month, or
- Participating and complying with an allowable work program at least 80 hours per month, such as the FoodShare Employment and Training (FSET) program, Wisconsin Works (W-2), or certain programs under the Wisconsin Investment Act (WIA), or
- Both working and participating in an allowable work program for a combined total of at least 80 hours per month, or
- Participating in and complying with the requirements of a workfare program.

Are there exceptions?
FoodShare members who meet any of the following are considered exempt from the time limit on FoodShare benefits and do not have to meet the work requirement:

- In a FoodShare assistance group (FoodShare case) with a child under age 18,
- Primary caregiver for a person who cannot care for himself or herself,
- Primary caregiver for a child under age 6 who does not live in the home,
- Unfit for employment, which includes someone who is:
  - Is receiving temporary or permanent disability benefits from the government of private source,
  - Unable to work due to a physical or mental health condition as determined by the Income Maintenance agency,
  - Is verified as unable to work by a statement from a health care professional or social worker, or
  - Is experiencing chronic homelessness (lacks a fixed, regular nighttime residence and does not expect to have a regular nighttime residence in the next 30 days).
- Pregnant,
- Receiving or applied for unemployment insurance,
- Receiving transitional FoodShare benefits
- Regularly participating in an alcohol or substance abuse (AODA) program,
- Enrolled in an institution of higher learning at least half time or more, or
- Enrolled as a high school student age 18 or older, attending high school at least half-time.
